

## **RED Team Mock Code**

Site (Circle): DFHC PFHC DMRC MMRC EVNP WVNP NVNP CVNP CVNP2 Date:					
Atter	ndees:				
Overdose Upon opening the door, you see one of your clients with her head down on the table. It appears that she is asleep but she does not move at all a something just doesn't seem right. You place your hand on her shoulder and say "are you ok?". She does not respond and you repeat this only loand more aggressively. There is still no response. Patient becomes pulseless after a few minutes.
