

Katie League, LCSW-C
Behavioral Health Manager
National Health Care for the Homeless Council (NHCHC)

Katie League, LCSW-C (she/hers) is a licensed clinical social worker with clinical experience focuses on improving care for people experiencing homelessness who live with mental illness and substance use and harm reduction approaches. Her experience includes overseeing street outreach teams, and the creation and implementation of the community health workers and a mobile clinic program. She also spearheaded special projects including opening 2 new access points (HRSA-funded NAPs) as well as implementing agency-wide naloxone training and social determinants of health screening. Most recently, she has joined the National Health Care for the Homeless Council on the Clinical and Quality Improvement Team to support programs across the country operationalize best practices in clinical care for people experiencing homelessness.
